

Die rails attached to the press with hooks or pivot mounted, for easy and safe die changes.

ROLL ARMS are the result of thorough studies in the press industry and have three main purposes:

- quick die handling
- safe handling, less risk of injuries
- makes the heavy work easier for the personnel

ROLL ARMS featuring:

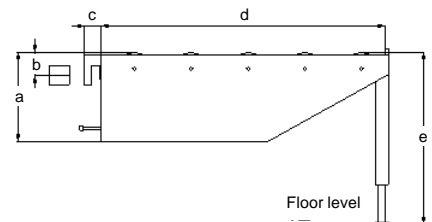

- Each of the 2 arms fitted with safety end stop
- Large diameter rolls reducing specific pressure
- Arms with pivot mounting or hook mounting for easy removal
- Every ROLL ARM set engineered to match customer's individual requirements
- CE compliant and with manuals in English
